

Bricks Provided by That's My Brick!

Adept Engraving LLC has been working with thousands of organizations throughout the country, helping them to raise funds for various causes through That's My Brick!® Fundraisers. We offer personalized bricks to further the success of your organization. Our bricks are great for plazas, memorials, walkways, and anywhere else you use bricks! Show your support by personalizing a brick today!

The Marking Process

That's My Brick!® uses a patented, laser-based marking process that produces a layer of black, fused glass on any color surface of the brick. The marks are flush with the surface of the brick, which means less maintenance and no chance of wear-based damage.

All samples passed each of the ASTM specified test conditions (Freeze and Thaw cycling, Salt Spray exposure, Ultraviolet Light exposure) with flying colors. The independent testing has proven that bricks marked with our process and installed properly in your project will last longer than our lifetimes.
